A safety net for whatever comes your way. Accidents and unforeseen problems can happen and they can be expensive. Medical plans cover the cost of care for injuries and illness, minus any deductibles, copayments or coinsurance you pay. Supplemental health plans provide an extra layer of financial protection. These supplemental health plans pay a cash benefit directly to you* - over and above what your health plan pays the hospitals and doctors. Use the cash payment any way you want - for your medical expenses or to help cover your rent, mortgage, car payments, home health care, child care or food.
